ALL JAPAN IN MOURNING FOR THE BELOVED EMPRESS DOWAGER

By RILEY H. ALLEN.
NIPPON, Japan, April 18.—All Japan is mourning over the death of the Empress Dowager Haruko.

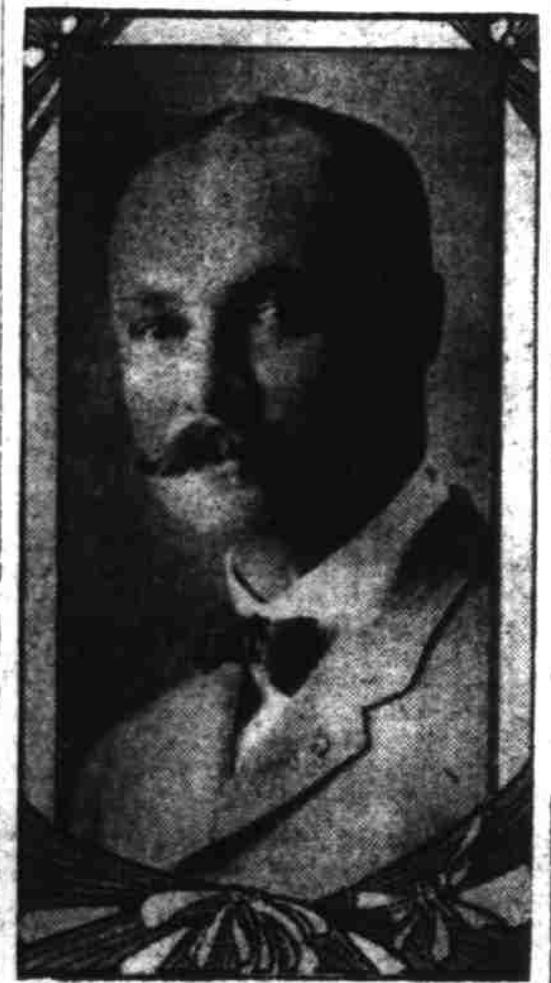

Formal announcement of the royal demise was made last Saturday morning and immediately this land of mourning observance put on its mourning attire. Today in every city, every town, every hamlet, and over many a remote hut in the country districts the sunflag of Japan is floating, surmounted by a mourning flag, a narrow pennant of deepest black.

The Japanese usually fly two flags, a pole on each side of the doorway and, instead of halfmasting the colors, they use the black flag. The American flags over the consulate and elsewhere are, however, at halfmast, as are most of the other foreign flags observed.

Not only the dowager's high position, but the esteem and love in which she was generally held, are marked by the evident sincerity of a nation's grief. The black flag is flown in the most obscure spots and over huts so mean they hardly seem the abode of human beings.

Immediately after the official announcement of death came the court orders as to mourning and other formalities to be observed.

State mourning is to last for one year, beginning last Saturday. The first period of state mourning lasts for 50 days, until May 30; the second period for another 50 days, from May 31 till July 19, and the third period from July 20, 1914, to April 10, 1915. From the 12th to the 15th of April inclusive the emperor is not transacting affairs of state and during that period all music, dancing and other amusements are suspended, all business will be released from work, flagpoles or executions set in those districts, will be carried over to later date and there will be a general cessation

GOVERNOR MAKES APPOINTMENTS ON BOARD OF HEALTH

George R. Carter and Dr. W. C. Hobdy Are Named to Serve Another Term

CAPT. C. J. CAMPBELL NAMED AS NEW MEMBER

F. C. Smith Submits Resignation Which Is Accepted by the Chief Executive

Governor Pinkham turned his attention to territorial boards today and before noon he made an announcement of the re-appointment of the two members on the board of health whose terms have expired, and of the appointment of Captain C. J. Campbell, port steward of the Inter-Island Steam Navigation Company, to succeed F. C. Smith, whose resignation was submitted a short time ago and accepted.

The two members of the board whose terms have expired, and who were reappointed this morning, are George R. Carter and Dr. W. C. Hobdy. Mr. Carter's commission expired November 11, 1913, and Dr. Hobdy's on March 4, 1914. D. Kalauekalani, Sr.'s commission does not end until November 7, 1914, and Arthur R. Keller's until September 9, 1915. Hence the only change in the personnel of the board is in the case of Captain Campbell. This is with the exception of the ex-officio member of the board, the attorney-general, I. M. Stalnack takes the place of W. W. Thayer as such member.

It is believed around the Capitol that other appointments will be made soon to different boards. Many of the members have, through courtesy, submitted their resignations to the governor, and these, it is felt, will be acted on in a short time.

The governor's statement on the appointments follows:
"The following appointments were made this morning by the governor covering vacancies in the membership of the board of health:
"Reappointed: Hon. George R. Carter and Dr. W. C. Hobdy.
"Appointed: Captain C. J. Campbell.

"The members of the board whose terms have not expired are: D. Kalauekalani, Sr., and Arthur R. Keller."

MOOSE LODGE TO BE REVIVED, IS LATEST REPORT

C. H. Brown Back from Coast and Says Old Members Will Flock to New Banner

Phoenix are not the only things that can rise from Moose ashes. At least that is C. H. Brown's very strong opinion. In fact, Mr. Brown, who arrived home this morning from a quick trip to San Francisco, evidently believes that a moose possesses the attributes of the bird of prey; for he declares that although the local lodge of the Loyal Order of Moose is dead, another and greater Moose lodge is on the eve of emerging from the remnants.

"I came back from San Francisco with full authority from the Grand Council to organize a new lodge of Moose in Hawaii," said Mr. Brown, in reference to his mission to the Coast. "No time will be lost in beginning this new organization. In fact, I expect to get busy tomorrow."

Asked what he thought of the outlook for the proposed new lodge, Mr. Brown said:
"The outlook is fine. At least 75 per cent of the members of the old lodge will join the new one. In fact, there are not over five per cent of the old membership responsible for kicking up the row which led to the disruption of the original lodge. The new lodge will very shortly have at least 1500 members."

The troubles of the local Moose are too recent history to need repetition in detail. Owing to various differences with the supreme officers, one of the most important of which was the presence in the lodge of other than white members, contrary to the constitution of the order, the charter was first suspended and then revoked. The lodge members continued to maintain its home in the Progress building in defiance of the grand lodge under its territorial charter, and a few weeks ago reorganized under the name of Benevolent Order of Phoenix, announced to be the nucleus of a new national order.

H. Brown, who was the district deputy of the supreme Moose dictator, tried to stem the tide, but with defiance, and so departed for the Coast to lay the matter before the

FARRINGTON AND CARTER MAY VIE FOR PRESIDENCY

Meeting Tomorrow Expected to Perfect Amalgamation of Commercial Bodies

Although no official announcement has been made regarding candidates for the presidency of the organization which will be perfected by the amalgamation of Honolulu's two leading commercial bodies, it now is understood that, at the joint meeting at 3 o'clock tomorrow afternoon of the members of the Chamber of Commerce and the Merchants' Association, the names of George R. Carter and Wallace R. Farrington, the present heads, respectively, of the organizations, will be put forward as a slate upon which a vote may be taken. As far as can be ascertained, the members of the bodies have in mind no other candidates for the presidency of the amalgamation.

The joint meeting tomorrow afternoon doubtless will result in a complete merger satisfactory to the members of both the chamber and association. This will be true if the new by-laws, recently completed by a special joint committee, headed by F. C. Atherton, after several months of exhaustive deliberation, is accepted. After making several amendments and revisions, the directors of both organizations accepted the by-laws, and all that now remains to make them permanent is their approval by the members of the two bodies. Joint meetings were held by the joint committee, and careful consideration as to their completeness was given before they were submitted to the directors.

At the beginning of the meeting tomorrow Chairman Atherton first will ask for a vote on the name of the amalgamation—whether it shall be the Greater Honolulu Chamber of Commerce or the Honolulu Chamber of Commerce. There has been considerable discussion on this matter, and it is the idea of the joint committee to settle the question before the principal business of the meeting.

JEFF M'CARN NOT IN ACCORD WITH DOLE'S DECISION

Women Not Subject to Deportation When Married to Citizens, is Ruling

A decision of considerable importance was handed down this morning by Judge Dole, in the United States district court, on the habeas corpus writ sued out in behalf of Mrs. Rose Walters and Mrs. Lucy Thompson, whom the federal immigration authorities were attempting to deport on grounds that they are undesirable citizens. The court sustains the petitioners as to their right to remain in the country, conditional with the proof being made that the women were married as alleged to American citizens; and opportunity is given counsel for the women to submit such proof. District Attorney McCarn noted exceptions to the court's opinion.

The women in this case were taken into custody some time ago when the authorities were endeavoring to clean up the Iwilei district. They were natives of France or Switzerland, but claimed exemption from deportation on grounds that they had acquired citizenship by marriage with American citizens. Judge Dole reviewed the case at considerable length and quoted numerous authorities in connection with similar cases, both for and against the contention of the petitioners, but holding that the weight of opinion and the facts in the present case justified sustaining the writs.

HILO, Apr. 27.—A second stabbing affair within the last few days occurred Saturday night when Arthur Kepekaia, a hapa-pake, found the woman with whom he had been living, at the home of a Portuguese, and attacked the couple with a pocket knife. They were removed to the hospital and the attending physicians say they will recover.

The assault took place in the Portuguese's home at Waikeke. Kepekaia was arrested and is detained on a charge of assault and battery with a deadly weapon. This is not his first offense. He was fined \$50 and costs
